A developer skilled in creating engaging web and application experiences using the latest languages, frameworks and tools, including JavaScript ES6, React Native, AWS, Ruby on Rails and SASS. Formerly a writer and editor, experienced in technology-related online content production and publishing.

---

## Skills

- JavaScript ES6, React, React Native, Express and AWS
- HTML, CSS and SASS
- RESTful APIs, PostgreSQL and Ruby on Rails
- Adobe Photoshop and Illustrator
- WordPress, Online Content Management

---

## Experience

JULY 2018 – OCT 2018

### Engineering Fellow / General Assembly, New York, NY

Built web applications using JavaScript, React, HTML, CSS, PostgreSQL, Ruby on Rails and RESTful APIs. Managed coding projects with GitHub and team workflows with Trello. Successfully completed three individual projects and one group project, including a public-safety app that uses an NYC Open Data API to map traffic accidents.

FEB 2012 – JULY 2018

### Contributing Editor / QuinStreet, Foster City, CA

Distilled complex enterprise computing concepts into clear and relatable articles for executives and IT professionals. Published technology, mobile and Microsoft-related features, daily news items, tips and product reviews for technology websites, including *eWEEK* and *eSecurity Planet*.

JULY 2009 – JULY 2010

### Green IT Curator / GigaOM, San Francisco, CA

Published weekly articles about a trend, innovation or market opportunity for businesses and startups in the green technology space. Collected and compiled a daily list of must-see links related to the growing cleantech and sustainable IT ecosystem for *GigaOM Pro*.

---

## Education

### Certificate – Web Development / General Assembly

Graduate of General Assembly's Web Development Immersive program

### Bachelor of Science / New Jersey City University

Bachelor of Science in Business Administration, concentration Marketing and Computer Science
